

To Whom it May Concern,

I would like to add my support to the proposal that every drink container sold in Australia carry a 10 cent deposit.

I'll keep this email brief as I'm very busy! My main motivations for supporting this proposal are:

- Adding value to the containers will deter people from carelessly throwing them away.
- The deposit will encourage community groups (e.g. sports clubs, scouts etc) to collect discarded containers and turn them into revenue.
- Recycling will surely increase dramatically.

I hope common sense prevails and that our national parliament can act more progressively on this issue than my state parliament did in Victoria.

Kind regards,
Tim Brindle
