Submission to the Inquiry into the Fair Work Amendment (Small Business-Penalty Rates Exemption) Bill 2012

you know what amazes me about politicians? You are hell bent on wasting our tax dollars on everything that does not matter to australians such as foreign aid, boat people, building condo's in the pacific for asylum seekers and so on. Instead of concentrating on looking after australians WITH australian citizenship, you want to take more money from us by abolishing penalty rates. you are the ones that are "outdated"...not penalty rates. I'd like to see you give up YOUR weekend as if it were a monday or wednesday & be paid no extra?? And you wonder why people hate politicians.....you give us all the ammunition by starting stupid, thoughtless bills such as this one & wasting more money on something that won't get up!! Stop listening to lobbying employer groups who are flat out trying to avoid paying taxes & start listening to the ordinary australians who do pay their taxes & also pay your wages!

regards.
