Submission to the Inquiry into the Fair Work Amendment (Small Business-Penalty Rates Exemption) Bill 2012

I am a casual employee, working as a store assistant, currently earning around 12.84 per hour.

i am a student at a uni without penalty rates i would not be able to make ends meet with my car loan as well as getting food for the week

If penalty rates were abolished i would not be able to make ends meet every week

My weekends are important to me because i have other things to do with my life like study and other stuff

I urge the committee to keep penalty rates Because other wise i will not survive with out them.
