Submission to the Inquiry into the Fair Work Amendment (Small Business-Penalty Rates Exemption) Bill 2012

I am a permanent employee, working as a rn, currently earning around \$39.00 per hour.

family and morgage

If penalty rates were abolished..I work evenings and weekends.

My weekends are important to me because.I spent time with my family Ihave to work every christmas and easter and miss out on family time

I urge the committee to keep penalty rates.This is another example on politions having no idea how the the other half live- to be at work when you have small children or grandchildren having xmas and not understanding why mum or nanna cant be their

until late- I have missed so many family events,try working nights and trying to follow kids sport and trying to stay awake
